ICTC CTIC

Work Integrated Learning

ICTC's WIL Digital is an innovative work integrated learning program that helps employers grow their businesses by hiring post-secondary students under a wage subsidy.

WIL Digital is funded by the Government of Canada's Student Work Placement Program (SWPP).

ICTC CTIC

WIL E-Learning Courses

- Designed for post-secondary students regardless of their field of study.

- **Certificate of completion** and an **employability resource**.

- **1-2 hours per week for up to 12 weeks** of content including team-based assignments, live networking, and will be largely self-directed.

- **No cost for students to participate.**

- Comprises of 6-8 short modules each with a quiz, group exercises, and subject matter expert input.

ICTC CTIC

What are the benefits for students?

- Mentorship: lunch and discovery sessions animated by subject matter experts

- Networking: interact with other WIL students

- Industry application: immerse in real-world application of innovative technological solutions through project case studies

- Career exploration: discover careers students can pursue after graduating

ICTC CTIC

How to Apply?

Step 1
Learn about the WIL Digital courses through an Information Session event or via email.

Step 2
Visit https://ictc-ctic.smapply.ca/prog/elearning-wil-digital/, create an account or become an applicant if account is made, and start your application.

Step 3
The student fills in their registration form.

Step 4
The application is submitted to ICTC. Student will receive a confirmation email confirming student's registration.

Sometimes, the email goes to junk folder. Confirmation email will come from noreply@mail.smapply.net, while pre-course zoom meeting will come from a respective WIL email address.

Testimonials

My WIL experience helped grow my perspective in a fun and challenging learning environment

The WIL program taught me a ton about the inner workings of Intelligent Retail and Commerce. The discussion boards, format of information and pacing of the course made it easy to digest and retain content while enjoying every second of the learning process.

Thanks to the generous support of ICTC, not only did I secure a design internship in the tech industry, but I was also introduced to a wonderful cohort of students.

Wil Digital proves itself as the best-supported program for student placement from my perspective.

The WIL digital program was a fantastic learning experience for me. Through its courses I was able to build relevant knowledge and explore exciting new areas of impactful and rapidly evolving fields
